Several of the large companies in this territory roads which are in need of advances, join in the petition for an advance.

Talks on Rates.

It is apparent that the average layman is not familiar with the railway rate situation today, notwithstanding the publicity that has been given to the subject within the last six or eight taxes.
The general uplift in the market canmonths. Whether or not it is the fault of the railways for not educating the subdict more thoroughly, cannot be said, Nature is contributing her share. The but addresses and talks of the average citizen when the rate increase question is discussed show that there is a worful lack of knowledge along this line. Nature is contributing her snare. The present crop reports hold out the prospect for the nation's wheat yield. Reports have come from Chicago which estimate the crop at 900,000,000 with the possibility of a 1,000,000,000 return.
